

SENIOR HIGH WEEK - JULY 19 TO 25, 2015

We have many events for you in our week being planned and unfolding very soon as the Spirit is moving among us. ! We also will ask if there is some material item that shares the essence of what the "Spirit" of God means to you or the story about an experience of that. As well please bring some of the following with you as it most likely will be a warm week in July! **Water bottles**, (hence the understanding of Cobbossee watershed and what we all should be doing globally for our recycling efforts) bandana/hat, sunscreen, musical instruments if you play, swimming or fishing gear, and appropriate clothing for all the usual program things such as:

Sunday – get to know you games w/Darcy & worship

Monday – scavenger hunt/Prayer stations & Communion

Tuesday – follow up to Mission activity & P.L.Staff presentation

Wednesday – cookout, games, s'mores, and worship experience "Nurturing our Spiritual Journey" at the Lodge,

Thursday – Fancy Dinner (your choice of dress) & Dance

Friday – Slideshow, Talent Show, and Communion in the Chapel to end our week together.

Saturday – **pick up 9:30 closing circle PGrads/Seniors.**

"The Holy Spirit is not a New Testament phenomenon. Throughout the Hebrew Scriptures there are references to both God's Spirit and examples of faithful people who lived by the Spirit", we will learn and explore more in FFG, chapel, and vespers.

"Outdoor Ministry has two foundational elements: community and creation. As our culture is increasingly withdrawing from community we believe in intentional periods of living together surrounded by the beauty of the earth, away from the stress and strain of ordinary, technology-centered routines, give our spirits a chance to be open to life in a real and vital manner." WE ask you to abide by this covenant for our week together. See PL website page and parent camper guide at: <http://www.pilgrimlodge.org/document/PLParentCamperGuideYOUTH.pdf>

We're excited about the mission that Pilgrim Lodge has taken on this summer. We will be working with **"Friends of the Cobbossee Watershed"**

(watershedfriends.com) who work to maintain the quality of the more than 40 lakes, ponds, rivers and streams that connect with our camp's lake. They focus on non-point source pollution and on invasive water plant species....more education and opportunities to come. **You will have the opportunity to do some brainstorming (Interest Groups) on how to integrate what we know, will learn from them, with what we want.... an accessible and affordable waterfront with minimum impact on the land and lake, bring your ideas and your donations to this worthy endeavor.**
